**King GREEN** is dedicated to providing the finest service available to your home, lawn and landscape. Founder Charlie King has been in the turf grass industry for over 35 years and has had continued success in operating, maintaining, and expanding **King GREEN**.

Charlie King founded **King GREEN** in the basement of his home in 1987. He started with one truck, spraying each lawn himself while his wife, Barbara, handled the paperwork and billing. **King GREEN** has continuously grown since then. We now have six branches in Georgia and one in North Carolina. We are committed to offering the same level of service now as we did then. We are truly proud to stake the claim of "The Finest Service Company Available!"

**Charlie is very involved in the Green Industry and is a prominent leader among its members. Not only is he a licensed pesticide applicator through the Georgia Department of Agriculture, but he is also an active member of the National Association of Landscape Professionals, UAC, and GTA.**

**Our Guarantee**

Because of our confidence in our programs and service, we guarantee your satisfaction with each and every application. If you are not satisfied with the results of an application, we will reapply the application at no charge or refund the cost of the service. Due to variables we face in dealing with nature, this guarantee does not include plant replacement.

**Environmental Concerns**

**King GREEN** uses only the most environmentally responsible products available. It is our policy to minimize all pesticide use. For this reason, we will evaluate the landscape during each visit and spray only the plant material that needs spraying.

Charlie King, President

# Year-Round Lawn Care and Tree and Shrub Programs

By using a combination of liquid and dry products to treat your lawn, we're able to create higher-quality, healthier turf at no extra cost to you. Plus, we'll keep your trees and shrubs healthy by controlling insects and diseases. Our tree and shrub program also includes balanced, controlled-release fertilization for lush foliage, as well as dormant oil protection against over-wintering insects.

## YEAR-ROUND LAWN CARE PROGRAM

- 01 PREVENTION** Early Spring Pre- and post-emergent weed control for all lawns. Fertilization for fescue lawns.
- 02 PREVENTION II** Late Spring Pre- and post-emergent weed control for all lawns. Fertilization for fescue lawns.
- 03 MAINTAIN I** Early Summer Controlled-release fertilization for warm-season grasses and weed control as needed. Post-emergent weed control and iron for fescue lawns.
- 04 CONDITIONER** Mid-Summer Controlled-release fertilizer for warm-season grasses and weed control as needed. Limestone to condition soil for fescue lawns.
- 05 DEVELOPMENT** Late Summer Controlled-release fertilizer and weed control as needed for warm season lawns. Post-emergent weed control and iron for fescue lawns.
- 06 MAINTAIN II** Fall Pre- and post-emergent weed control for warm season lawns. Seed starter fertilizer for fescue lawns.
- 07 MAINTAIN III** Late Fall Pre- and post-emergent weed control for warm season lawns and fertilizer for fescue lawns.
- 08 MAINTAIN IV** Winter Limestone to condition soil for warm-season grasses and fertilizer for fescue lawns.

**ACTIVATE BOTH PROGRAMS AND SAVE!**

We at **King GREEN** are trained and equipped to treat both your lawn and landscape during the same visit. Therefore, we are able to offer a savings to you. Begin our lawn and tree and shrub care program today and you will receive a

**10% DISCOUNT**  
on both services!
