

King Green Coloring Contest

King GREENSM

Join in the fun with our coloring contest!

STEP 1: Have a child color the picture on the panel to the left.

STEP 2: Post it to our Facebook page or e-mail it to us at info@kinggreen.com.

One entry per person. Four random winners will receive \$25 towards a future **King GREEN** service, be mentioned in an upcoming newsletter and featured on our Facebook page.

Get creative and have fun!

Congratulations! Listed below are the Round 5 newsletter winners:

Kelly Fitzgibbons, NC

Katherine Spring, GA

Jill Carter, GA

Jason Creel, SC

Manage Your Account Online!

Being a **King GREEN** customer is easy. We have updated our website so that you can manage your account online. You can add services, schedule payments, and view your history all in one spot.

Visit KingGreen.com to access your account. Click on "My Account" in the top right corner. Once there, you can:

- Prepay for your annual services or pay current balances
- View a history of applications and recommended services

If you have been pleased with your **King GREEN** service, we would love for you to share your experience online.

RECEIVE
\$25

Refer A Friend

Did you know that our number-one source of new customers is by referral? Most of our clients are referred by our current customers.

For each new referral that starts a **King GREEN** program, you both receive \$25 towards any **King GREEN** service. There is no limit, so you can refer as many of your friends and family as you'd like.

We'd love the opportunity to provide your family and friends with the same great service you've grown accustomed to. We are grateful that you take the time to share **King GREEN**.

Now Hiring!

We are always looking for enthusiastic individuals to join the **King GREEN** family.

Apply online at KingGreen.com.

Turf Talk

As we go into the holiday season, our preparations may look a little different than in years past. My Mamaw, the matriarch of our family, died a year ago in June. You may recall me writing about her in past Turf Talks. My family's tradition during the holidays was to spend Christmas Eve at her house. It was a small gathering, but it was the one day every year that I knew exactly where I was going to be. This year is the second year we will not be gathering at her house, and I honestly do not know what the holiday season will look like due to the pandemic. I expect the hustle and bustle of the season to be dramatically slowed. We're all feeling overwhelmed with 2020, but I'm determined to take my own advice and find the positive in this season. I hope the same for you and your families.

Sincerely,
Jennifer

About This Service

Today, we applied our late-fall (Round 7) application to your lawn. Cool-season (Fescue) lawns received a balanced fertilizer. This fertilizer will help maintain the lawn as it matures after aeration and seeding.

Bermuda and Zoysia lawns both received pre-emergent weed control. This product will prevent many winter annual weeds in your lawn at this time. As the weather gets cold, your Bermuda/Zoysia lawn will be going dormant. Even if your lawn is already brown, our late-fall and winter applications are important. If you have any questions, please call our office. We'll be glad to help in any way.

DID YOU RECEIVE A TREE AND SHRUB APPLICATION TODAY?

The tree and shrub application today consisted of dormant oils. This application utilizes oils to help minimize the use of pesticides later in the year. The oils actually smother insects and their eggs. By using a sticking agent, the oils remain on the plants longer, thereby increasing their length of effectiveness. This helps to prevent damaging populations next season.

King GREEN uses only the most environmentally responsible products available. It is our policy to minimize all pesticide use. For this reason, we'll evaluate the landscape during each visit and spray only the plant material that needs spraying.

THANK YOU FOR USING KING GREEN.

Employee Spotlight

JAMES KOPECKY

In this issue, we get to know **King GREEN** technician James Kopecky. James has been with **King GREEN** for four years. Coming from a background in restaurants, he already had a history in the service industry.

While the world of hospitality has its perks, the schedule was not one of them. Working in a restaurant usually means you're clocked in when most people are at home, relaxing. Nights, weekends, and holidays are all peak times when restaurants require full participation from their staff. For those (like James) who have young children, this becomes very taxing on family time.

Fortunately, when James joined **King GREEN**, his schedule became days only and limited to 4 days a week. He's able to independently work through his daily schedule and offer exceptional service to our customers.

When James isn't working, he loves hiking and gardening with his 5-year-old son. He also enjoys keeping chickens and honeybees.

Green Spaces Benefit Mental Health

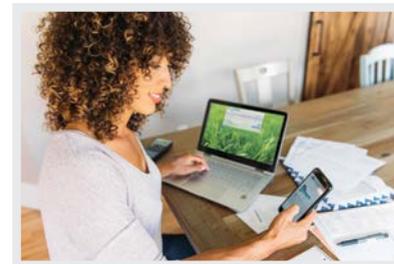

Most would agree that parks, forests, and landscaped areas are nice to look at. It turns out that in addition to their aesthetic qualities, green spaces can bolster the mental health of all who experience them.

A study published in the *British Journal of Psychiatry* (2017 Nov.) says this: "Individuals have less mental distress, less anxiety and depression, greater well-being and healthier cortisol profiles when living in urban areas with more green space compared with less green space."

Anyone who has felt somehow "better" after a hike in the woods, a stroll in the park, or an afternoon on a golf course can attest to these benefits. It is impressive, however, to see this notion stand up to experimental scientific scrutiny.

Now Accepting ACH Payments!

In our continued effort to Go Green, **King GREEN** is happy to announce we now accept ACH payments by phone and through our online account manager via www.kinggreen.com.

Although not major, we do hope this change can help reduce our carbon footprint while also offering our customers convenience. Every little bit helps! If you have any questions and/or concerns, please give us a call!

Tree & Shrub Fertilization

Your trees and shrubs are constantly competing with the grass around them for valuable nutrients. As a result, they can use our help in order to thrive. With tree and shrub fertilization from **King GREEN**, we can make a big difference in the look and health of your landscape.

Our tree and shrub fertilization saturates the root zone of your ornamental trees and shrubs. We provide this service only during the winter months. This allows for the tree or shrub to store the fertilizer, making the plant stronger through the cold months. It also produces healthier blooms and increased vitality in the spring.

ONLY \$69!
(\$69 covers most typical landscapes)
