

King Green Coloring Contest

King GREENSM

Join in the fun with our coloring contest!

STEP 1: Have a child color the picture on the panel to the left.

STEP 2: Post it to our Facebook page or e-mail it to us at info@kinggreen.com.

One entry per person. Four random winners will receive \$25 towards a future **King GREEN** service, be mentioned in an upcoming newsletter and featured on our Facebook page.

Get creative and have fun!

Congratulations to the winners of our coloring contest! You can see their work on our Facebook page.

Bryn Winters, 8

Kaitlyn Accola, 6

Wren Fleming, 8

D'Angelo Pick, 11

Jackson Barrentine, 4

Manage Your Account Online!

Being a **King GREEN** customer is easy. We have updated our website so that you can manage your account online. You can add services, schedule payments, and view your history all in one spot.

Visit KingGreen.com to access your account. Click on "My Account" in the top right corner. Once there, you can:

- Prepay for your annual services or pay current balances
- View a history of applications and recommended services

If you have been pleased with your **King GREEN** service, we would love for you to share your experience online.

RECEIVE \$25

Refer A Friend

Did you know that our number-one source of new customers is by referral? Most of our clients are referred by our current customers.

For each new referral that starts a **King GREEN** program, you both receive \$25 towards any **King GREEN** service. There is no limit, so you can refer as many of your friends and family as you'd like.

We'd love the opportunity to provide your family and friends with the same great service you've grown accustomed to. We are grateful that you take the time to share **King GREEN**.

Now Hiring!

We are always looking for enthusiastic individuals to join the King GREEN family. Apply online at KingGreen.com.

Turf Talk

Seasons greetings! I have the great honor of writing my very first Turf Talk. My name is Garbage, and I am a male domestic shorthair feline and **King GREEN's** CCO (Chief Cat Officer).

You're probably wondering what I do here. I usually start my day by directing traffic in our parking lot, instructing everyone to feed me. On cold mornings, I enjoy napping on a warm car hood. For the rest of the day, I sunbathe, meow, eat, nap, watch birds and nap some more. On average, cats sleep 16 hours a day. Despite what some might say, we are hard workers. You can count on us for at least 8 hours of work (though they may not be consecutive).

Despite the changing seasons, our work here is never done. While I continue cultivating mass for the winter and budgeting for 2021 cat treats, **King GREEN** remains focused on conditioning your soil and preventing weeds, making sure your lawn is receiving the finest service, even now. If you're ever in Gainesville, I invite you to stop by and say hi to us, especially me, Garbage the cat.

I think I can speak for everyone here (and it's my Turf Talk, so I will). We are truly thankful for your business over the last year. The fact that you have chosen **King GREEN** means a lot to us. Happy new year! We look forward to a pawstive and exciting 2021.

Sincerely,

Garbage

About This Service

Today, we applied our winter (Round 8) application to your lawn. Cool-season lawns received a pre-emergent application for poa annua. This application will help reduce the poa population in the lawn and allow your newly seeded Fescue room to thrive.

Bermuda and Zoysia lawns both received a limestone treatment. Limestone helps condition the soil, which allows your lawn to use fertilizers more efficiently. If you have any questions, please call our office. We'll be glad to help in any way.

DID YOU RECEIVE A TREE AND SHRUB APPLICATION TODAY?

The tree and shrub application today consisted of fertilization for your valuable landscape plants. We applied a controlled-release fertilizer to your trees and shrubs to provide nutrients throughout the year and promote an active root system. This fertilizer application will strengthen your trees and shrubs as they go into the winter season. Plus, it will promote better blooming and enhanced vitality next spring.

King GREEN uses only the most environmentally responsible products available. It is our policy to minimize all pesticide use. For this reason, we'll evaluate the landscape during each visit and spray only the plant material that needs spraying.

THANK YOU FOR USING KING GREEN.

Employee Spotlight

COREY BROGDON

In this issue, we get to know a little about Corey Brogdon. Corey has been with **King GREEN** for a year and is currently a Route Manager, with a goal of becoming the next Senior Technician at Norcross. While the world of lawn care is relatively new to Corey, the green industry is not. He has spent the bulk of his career in landscaping, so when a friend recommended **King GREEN**, he took the opportunity to expand his skill set.

As many **King GREEN** employees note, Corey's co-workers feel like family. He values their relationships and the experience of being with them and working together to the extent that it's more than just a job. He enjoys the laughter and good times at holiday parties and BBQs. He's also impressed at how the company has established such a large footprint, having extended into the Charlotte region over 15 years ago.

When he's not working, Corey enjoys hunting, fishing, socializing with his family and relaxing with his dog, Shiloh.

It's for the Birds

Nothing can brighten up a dreary winter day like the sounds and activity of birds feeding in your yard. An easy and inexpensive way to attract these friendly fliers to your landscape is to build them a "disappearing bird feeder," and it's easier than you might think!

The first step is to tie a piece of yarn around a stale bagel so that you can hang it. Next, mix 2/3 creamy or chunky peanut butter with 1/3 solid vegetable shortening. The shortening will make swallowing easier for the birds.

After covering the bagel with the peanut butter/shortening mixture, roll it in bird seed (mixed wild bird seed works well). Finally, hang your disappearing feeder where you'll have a good view and wait for the birds to appear. Before you know it, all that will be left is the yarn!

This is a great project for kids, and the birds will certainly enjoy it, too!

Now Accepting ACH Payments!

In our continued effort to Go Green, **King GREEN** is happy to announce we now accept ACH payments by phone and through our online account manager via www.kinggreen.com.

Although not major, we do hope this change can help reduce our carbon footprint while also offering our customers convenience. Every little bit helps! If you have any questions and/or concerns, please give us a call!

Happy Holidays from **King GREEN!**

It's been a rough year, but thankfully, 2020 is coming to a close. As we approach the new year, we would like to extend our deepest thanks to our customers. If not for you, **King GREEN** would not exist. Thank you for choosing us to care for your lawn and landscape needs. We're confident we can deliver the same great service to you for many years to come. Please let us know if you ever have any questions or concerns!
